

RECOMMENDATION LETTER

To Whom It May Concern:

I am pleased to write this letter of recommendation for Mr. OSAMA NASHWAN WAZEA DAMMAG, who was one of my students at the Faculty of Computer and Information Technology, Sana'a University.

During his time as an undergraduate student, Osama consistently demonstrated a strong work ethic, intellectual curiosity, and a sincere passion for learning. He was an active participant in class discussions, thoughtful in his questions, and always showed a willingness to go beyond basic requirements in his assignments and projects.

Osama also displayed excellent interpersonal skills, often taking initiative to support his peers and contribute positively to the academic environment. He is reliable, responsible, and well respected by both his classmates and faculty members. His commitment to continuous development and his ability to work both independently and within a team make him an exceptional candidate for future academic or professional opportunities.

I have full confidence in Osama's potential and strongly recommend him for any position, program, or opportunity that values commitment, skill, and integrity. Please feel free to contact me should you require any additional information.

Sincerely,

Assoc. Prof. Musa Ghurab
